Re: Federal Benefit Workshop

Dear Mike,

I wanted to thank you and your team of professionals for the eye-opening presentation provided to our chapter on October 17, 2007. While the seminar was insightful, the personal one-on-one meetings your team offered our membership following the seminar was deemed the most valuable by our members.

The feedback received from members who had their benefits reviewed by you and your staff was exceptional. Of the over 150 people who attended the luncheon, 86 took advantage of arranging for individual financial profiles on the spot, and I understand we've had several contacting you directly since the seminar. Feedback ranges from positive comments concerning minor changes made to TSP programs, to ecstatic comments regarding critical pre-retirement financial considerations. The most recurring positive comments concern the information garnered regarding Long Term Care options.

As a direct result of your presentation and the association discounts offered to our chapter for Long Term Care we saw an immediate increase to our membership.

We appreciate your willingness to continue to work with our members and look forward to potentially further building our relationship with you and your staff.

Sincerely,
