TO: BSA Benefit Solution Advisors
Nick Norton and Mike Ryan

Nick and Mike,

Thank you very much for providing our ASMC San Diego Chapter at MCRD San Diego with a great workshop! This very informative workshop was very beneficial to our members. Your team presented us with benefits and retirement tools that will assist us with planning now and for our future. Your interactive session kept our members thinking and asking necessary questions. With so many requesting additional time with you, we will be sure to have your team back with updates to educate us further. We enjoyed your presentation and information and look forward to your follow-ups with our membership.

We appreciate your well prepared program/presentation and am very happy you were able to come and share your tools with us. We received excellent feedback and thank you for providing our members with answers to questions on benefits and retirement.

Looking forward to the next workshop and learning more from your

Vr,

Sherry L. Major
ASMC San Diego Chapter President
