RE: Mini- Professional Development Institute Presentation

Dear Mike,

On behalf of the Redstone-Huntsville Chapter of the American Society of Military Comptrollers and as Chairman of the Training and Education Committee, let me thank you for your recent visit on March 5-6, 2008 and for being a part of our training event. You and your team were an integral part in making this year's training sessions a success.

The information presented to over 175 people and the some 75 plus individuals who went to follow-up meetings provided much needed and insightful information about our Federal Employee Benefits. Furthermore, the financial profiles created gave an even more added benefit for those new to the government as well as those beginning the preparation for retirement. Only positive comments were received from the membership who attended and many are continuing follow-ups with your team and taking advantage of the many services available through your organization. It was a win-win situation for all involved.

Again, we thank you for your involvement in our training event and look forward to possibly using your services again for additional workshops either through our PDI event or during our monthly luncheon sessions.

Sincerely,

W. Cody Swinford
Chairman, Training and Education Committee
Redstone-Huntsville ASMC
