TO: BSA Benefit Solution Advisors
Nick Norton and Mike Ryan

Nick and Mike,

Thank you so much for providing our FEW Chapter at Tinker Air Force Base another great workshop! This was the 3rd presentation your firm has now provided our group and they always seem to be different, unique, and a much needed service to all.

Our group and guests loved Mr. Norton's presentation on Financial Efficiencies for Federal & Military Employees. We all concurred that we need to bring you both back again soon for some of your other new programs you shared with us. We received rave reviews in regards to the presentations and the follow up Services and Consultations you continue to provide our members.

Additionally, our E-board once again wanted to sincerely thank you and let you both know of our appreciation as our Chapter has just significantly increased our membership due to this one event alone.
